

AUTISM AWARENESS SERIES

Authority Doesn't Compute

Not defiance. A different logic gate.

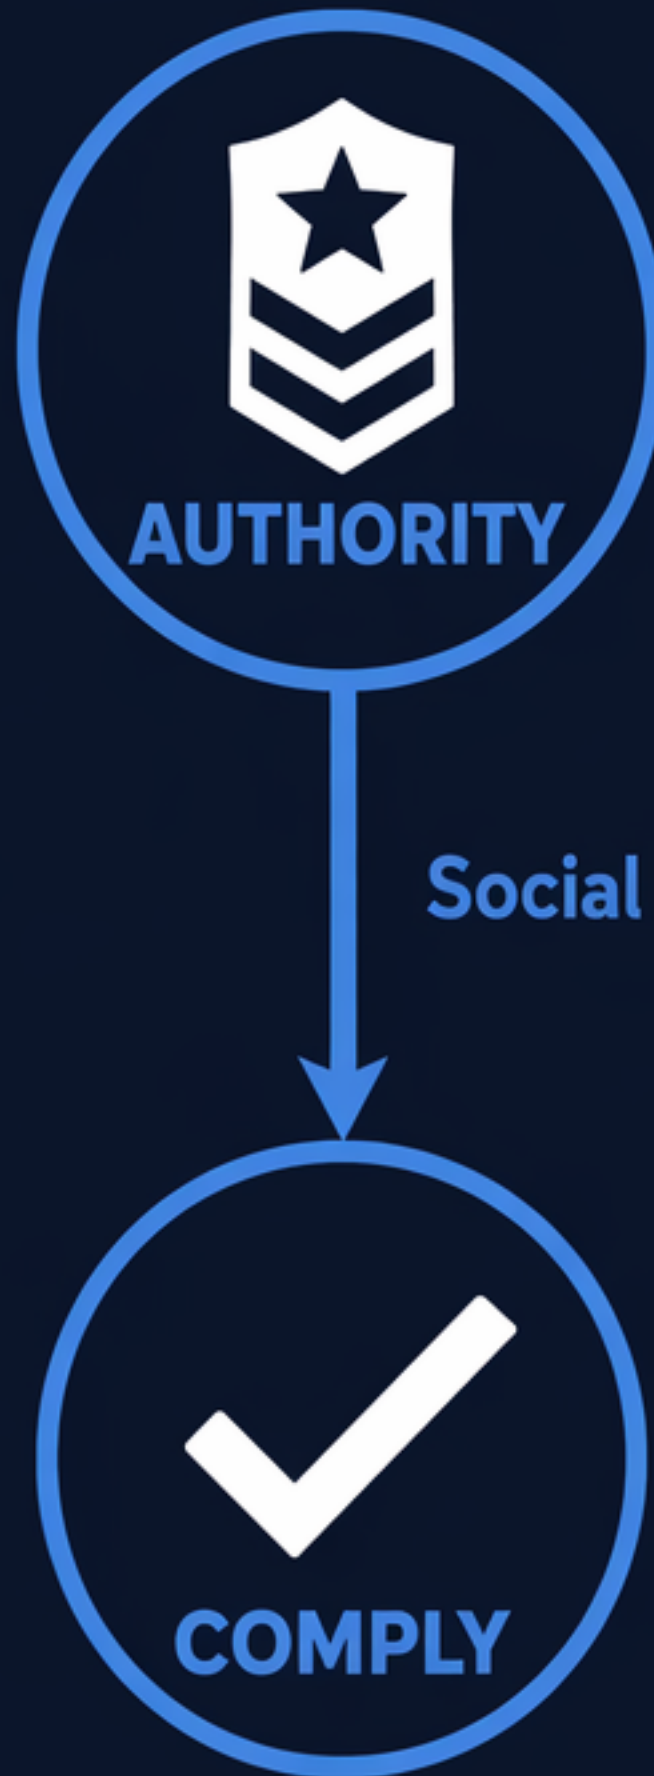

#5 — Authority & Compliance

raphink.info/autism

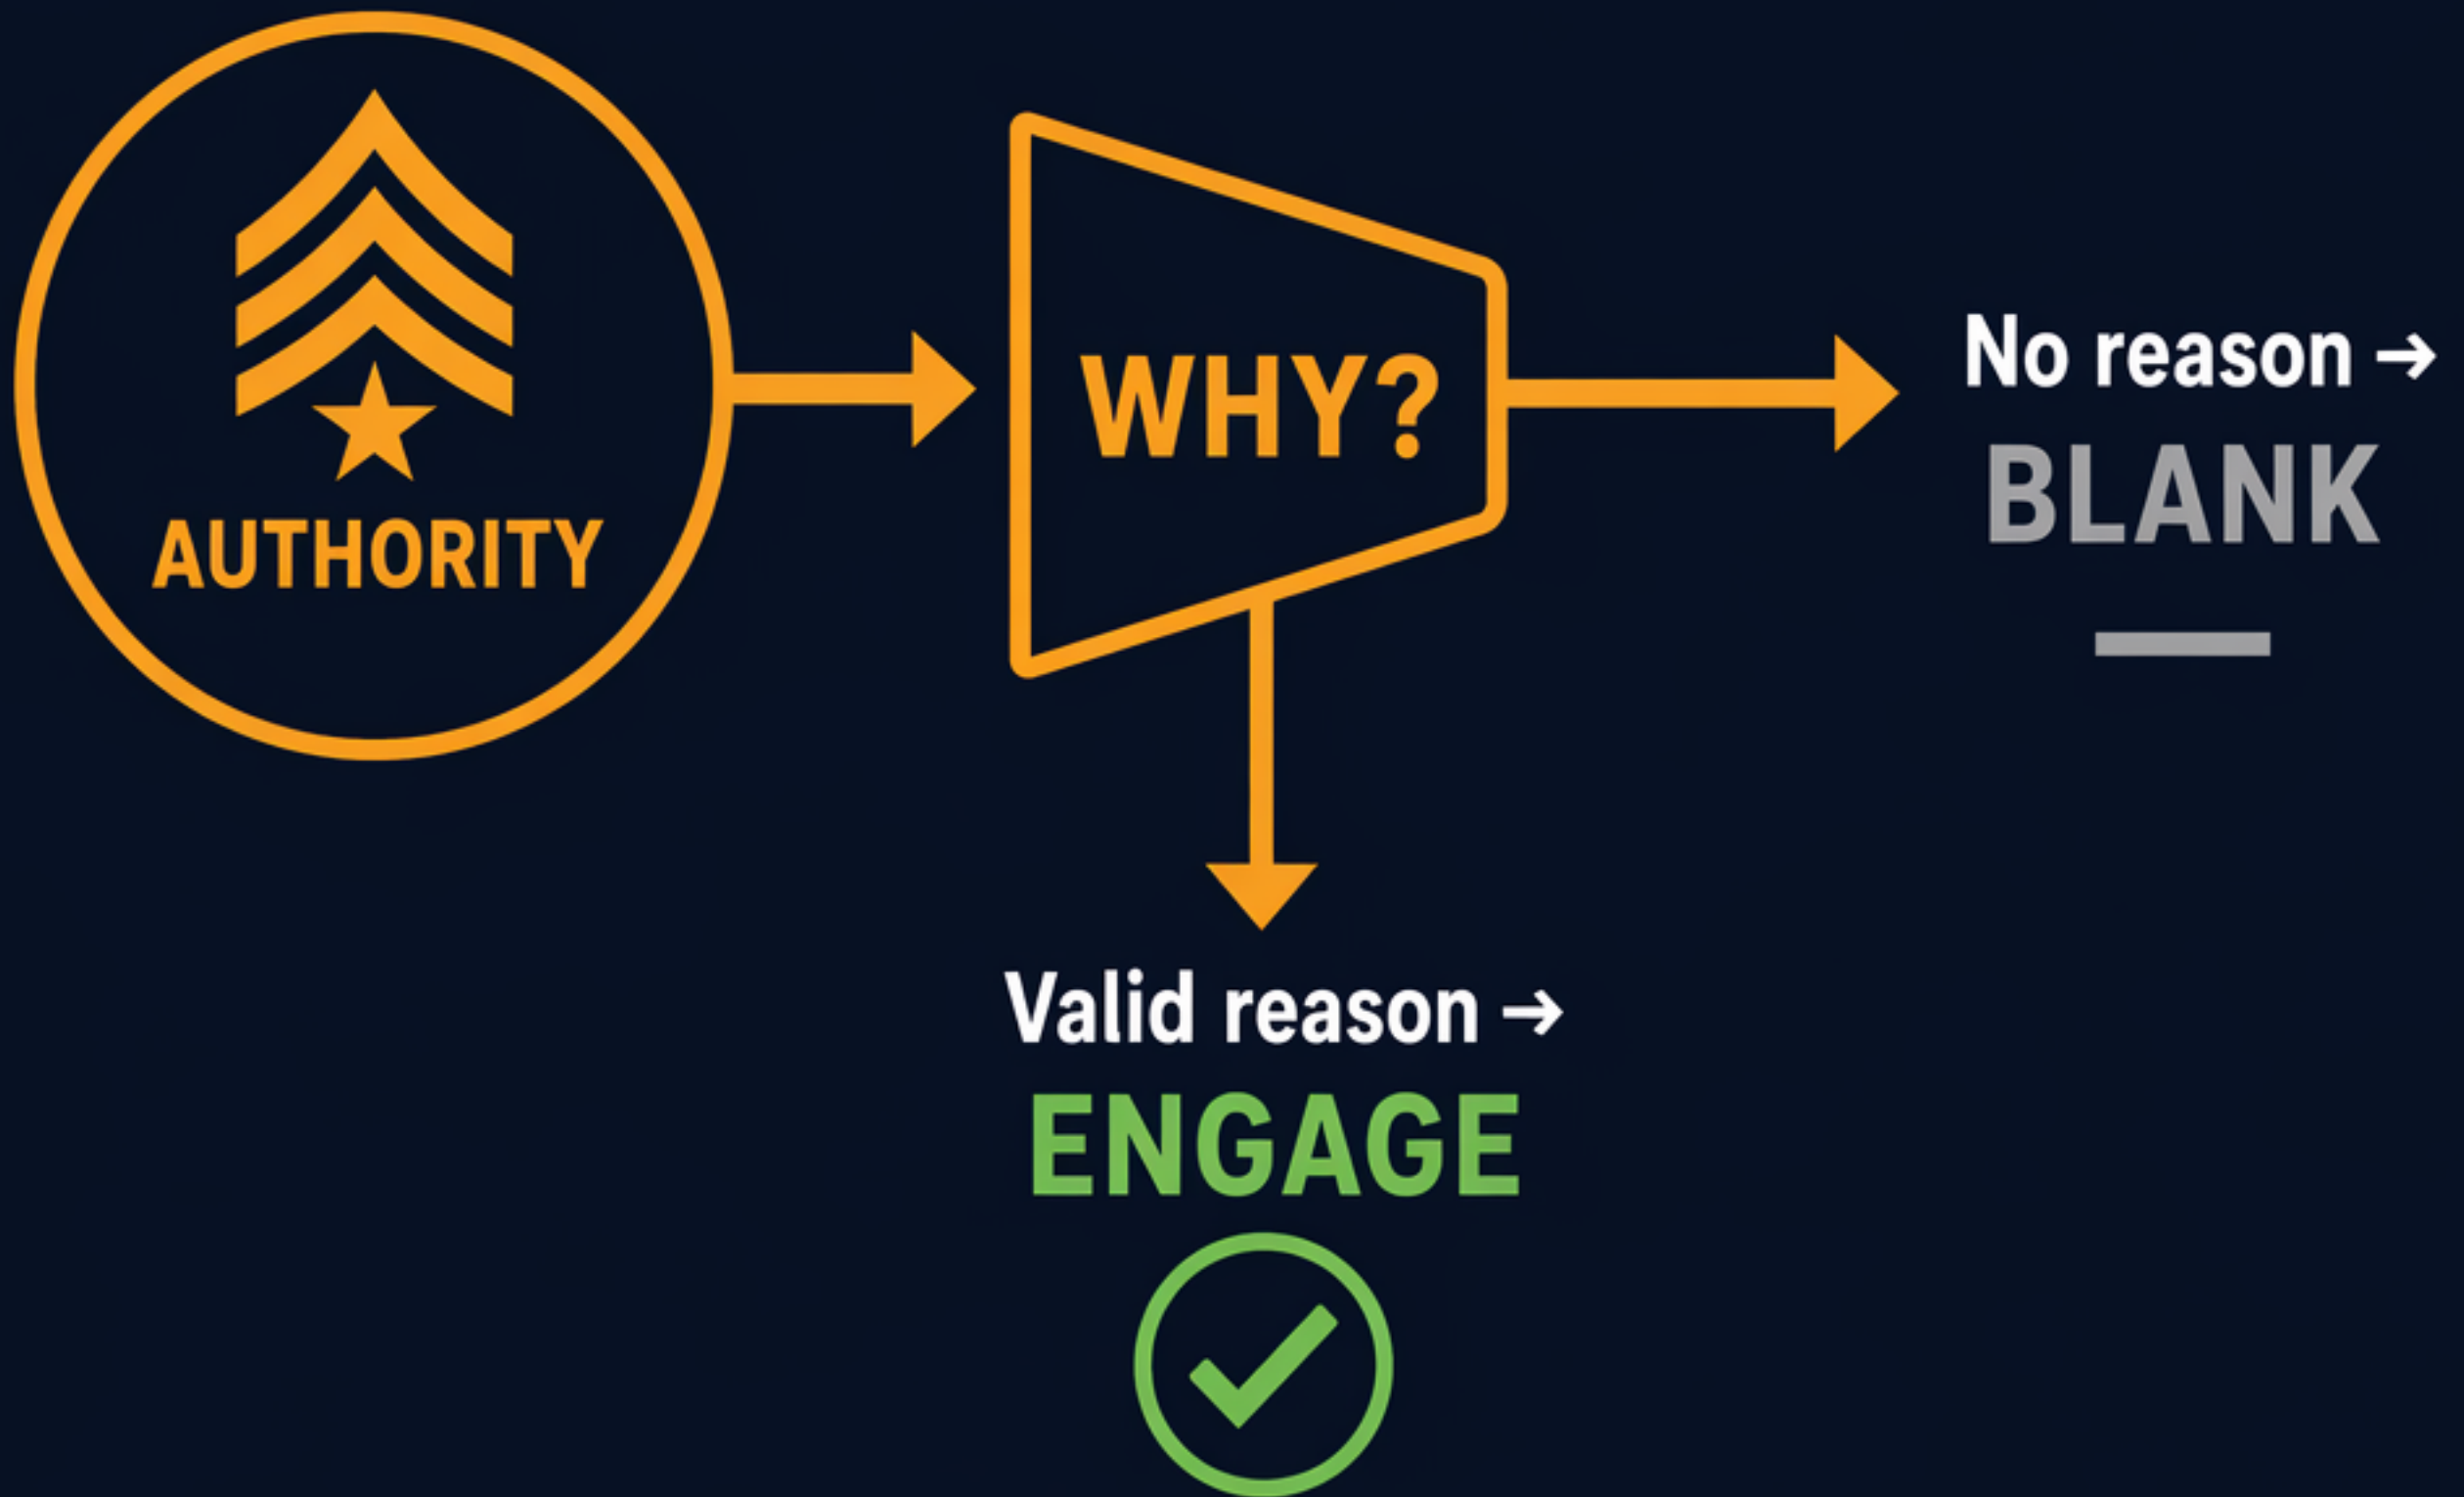

It's not defiance.
The instruction didn't compute.

NEUROTYPICAL COMPLIANCE

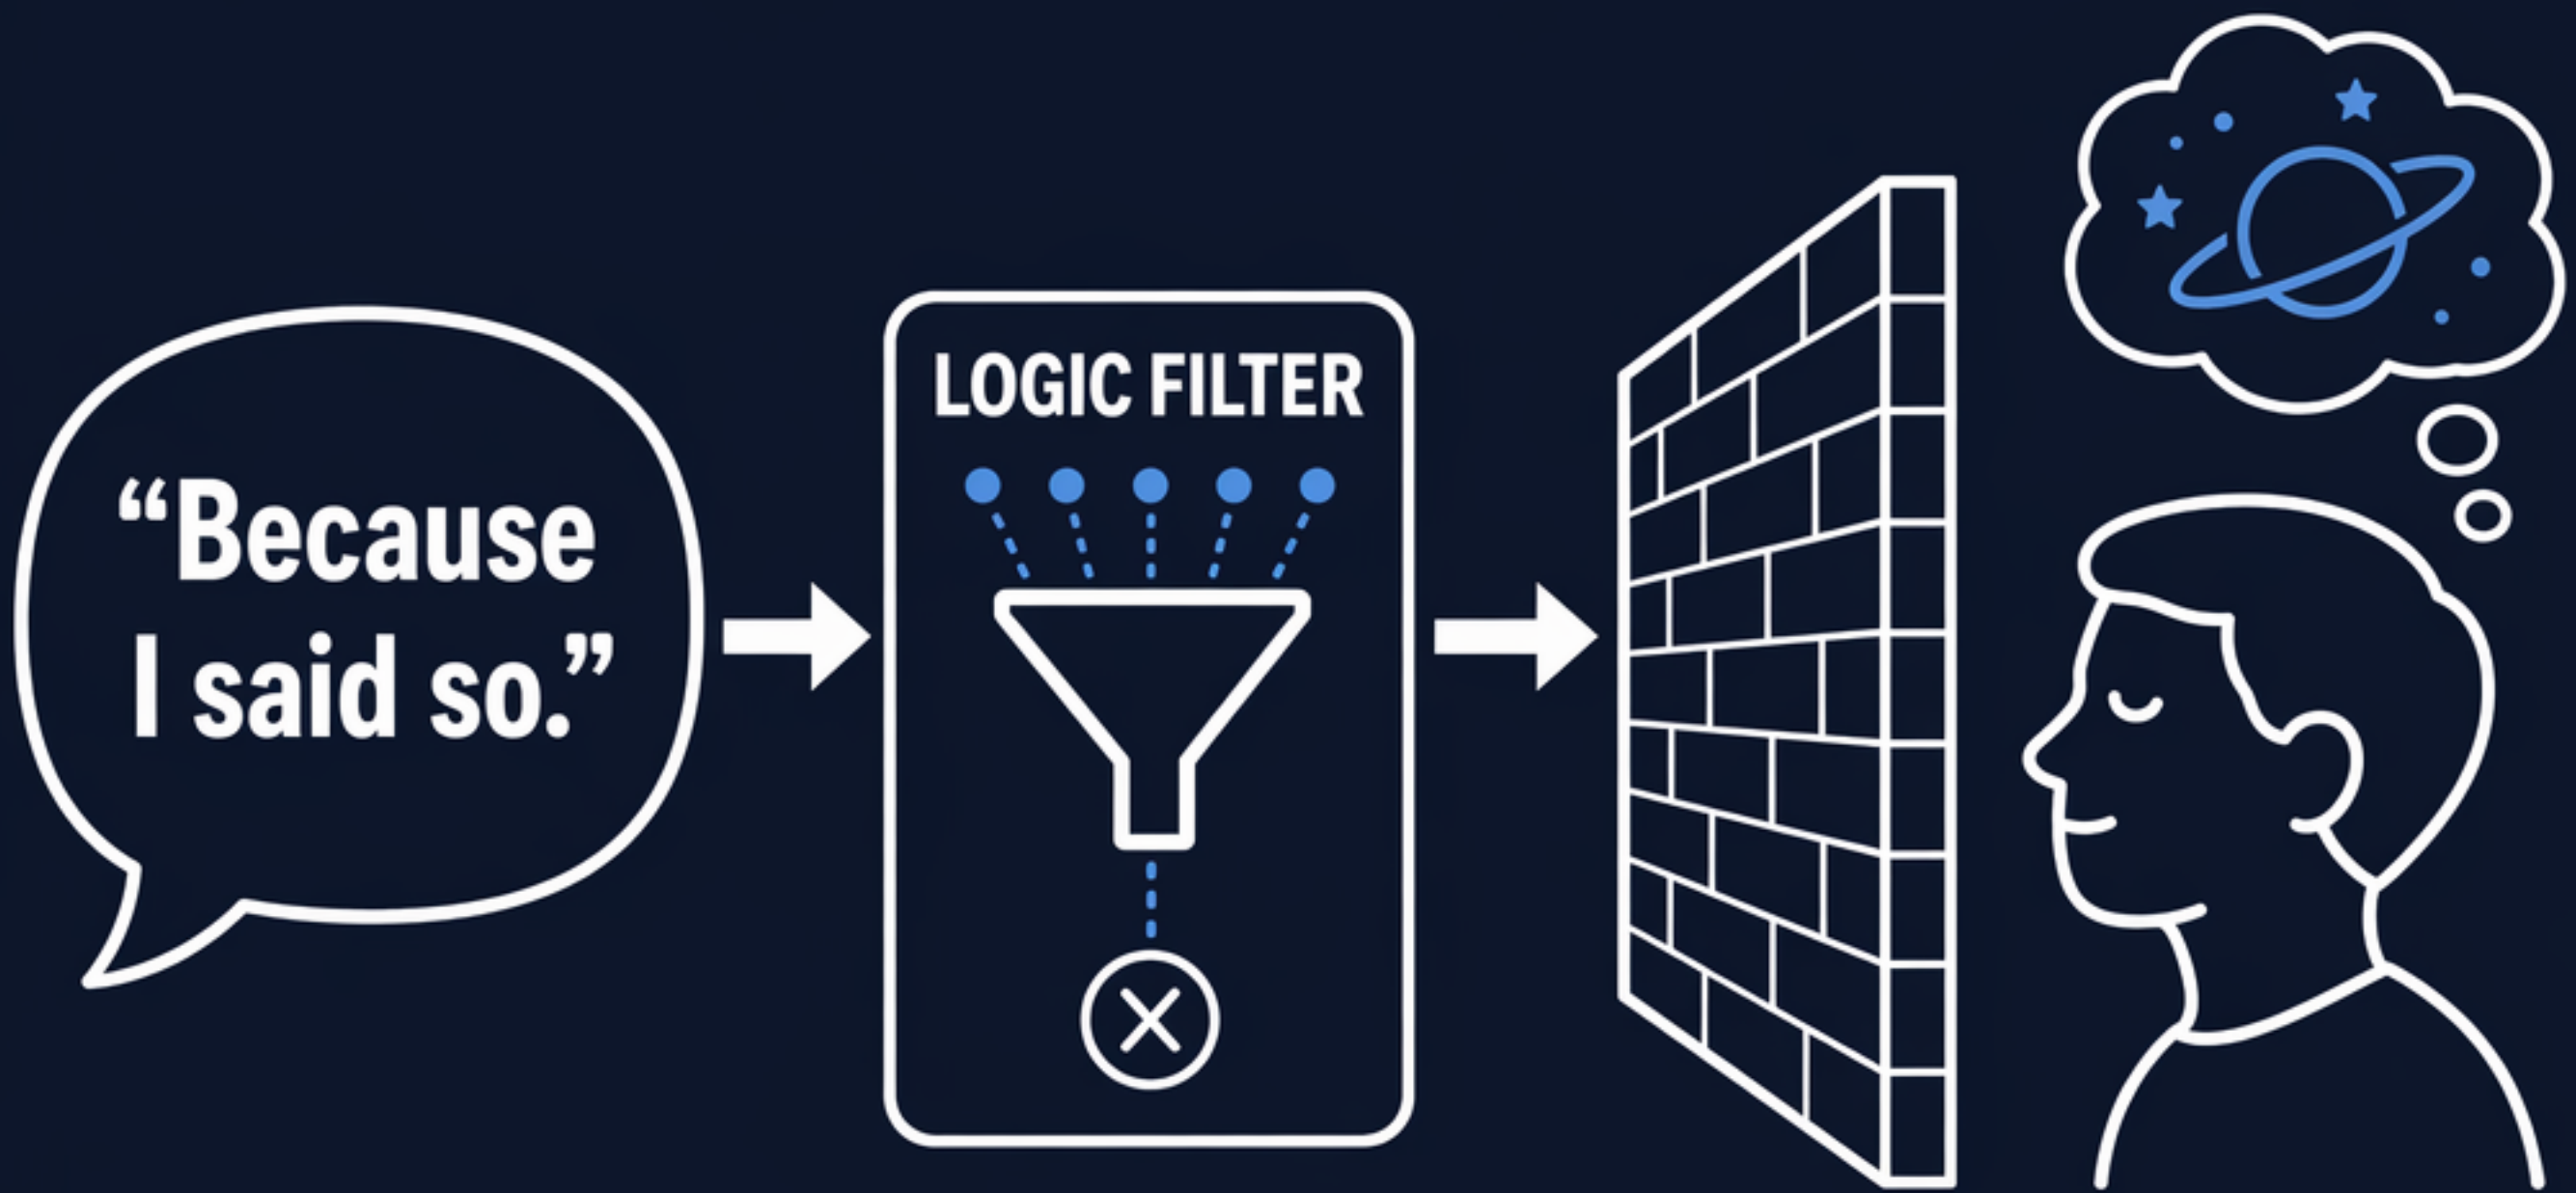

Rank signals compliance.
It's a social reflex.

AUTISTIC COMPLIANCE

Authority needs a reason.
Not rank. Logic.

The brain has already decided.
Pushing harder makes it worse.

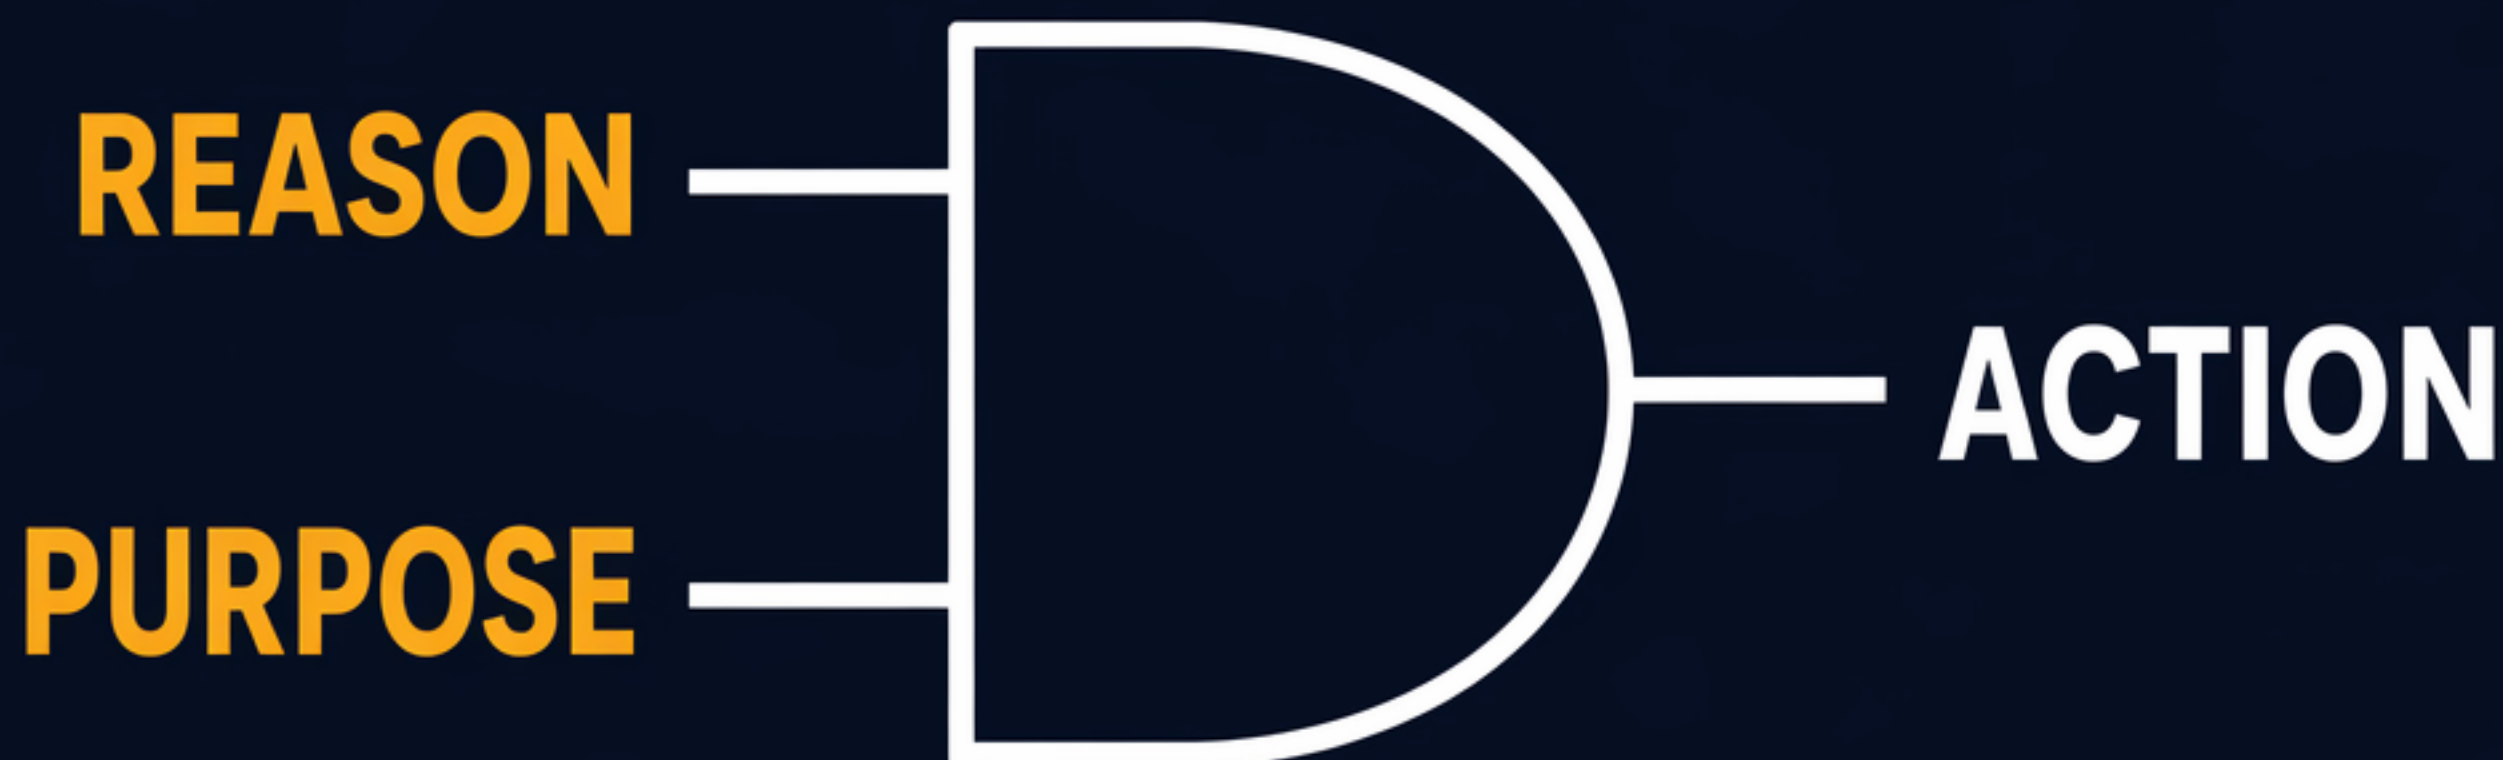

Doesn't work

Works

Skip the rank.
Give the reason.

Not a switch.
A logic gate.
